If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of both sexes that have been entered for Best of Breed or Variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

## AKC Code of Sportsmanship

**PREFACE:** The sport of purebred dog competitive events dates prior to 1884, the year of AKC's birth. Shared values of those involved in the sport include principles of sportsmanship. They are practiced in all sectors of our sport: conformation, performance and companion. Many believe that these principles of sportsmanship are the prime reason why our sport has thrived for over one hundred years. With the belief that it is useful to periodically articulate the fundamentals of our sport, this code is presented.

- Sportsmen respect the history, traditions and integrity of the sport of purebred dogs.
- Sportsmen commit themselves to values of fair play, honesty, courtesy, and vigorous competition, as well as winning and losing with grace.
- Sportsmen refuse to compromise their commitment and obligation to the sport of purebred dogs by injecting personal advantage or consideration into their decisions or behavior.
- The sportsman judge judges only on the merits of the dogs and considers no other factors.
- The sportsman judge or exhibitor accepts constructive criticism.
- The sportsman exhibitor declines to enter or exhibit under a judge where it might reasonably appear that the judge's placements could be based on something other than the merits of the dogs.
- The sportsman exhibitor refuses to compromise the impartiality of a judge.
- The sportsman respects the AKC bylaws, rules, regulations and policies governing the sport of purebred dogs.
- Sportsmen find that vigorous competition and civility are not inconsistent and are able to appreciate the merit of their competition and the effort of competitors.
- Sportsmen welcome, encourage and support newcomers to the sport.
- Sportsmen will deal fairly with all those who trade with them.
- Sportsmen are willing to share honest and open appraisals of both the strengths and weaknesses of their breeding stock.
- Sportsmen spurn any opportunity to take personal advantage of positions offered or bestowed upon them.
- Sportsmen always consider as paramount the welfare of their dog.
- Sportsmen refuse to embarrass the sport, the American Kennel Club, or themselves while taking part in the sport.

## Donita Osborne, Wolfhaven Kennels

My start in wolfhounds was early but only as a spectator; I have been infatuated with the breed since 9 years old. An encyclopedia with the Gelert story and a pencil drawing had me falling head over heels with a breed I had never met in person. For well over 10 years, I collected and read anything I could about this amazing breed.

I wanted to call it Wolfhaven, a haven for hounds, I even designed my dream kennel, lol wish I still had that drawing.

It was 1988 before life offered me the opportunity to bring home a hound that would affect the balance of my life. I was very fortunate, in my first calls, to touch base with the Allwards who offered me an exceptional bitch to show and possibly breed. This bitch was everything and more and demonstrates the power of starting with a good quality hound. She spoiled me for all future wolfhounds. I was lucky to start with such a solid bitch; everything with the Wolfhaven Prefix is thanks to her. Can Am CH Wolfdanes Mystic Crystal, obtained her CH's easily despite my fumbling and learning. She was a patient teacher.

Today I am proud to say we have had hounds in the top ranking in both US and Canada, BISS and BIS on both sides on the border, as well the Wolfhaven name lives on in kennels I am proud to have worked with.

Although life can throw curve balls, and I am no longer actively breeding, my passion and love for this breed has never diminished. I feel we never fully grasp this breed, but simply are guardians for a short time and must try to continually learn. It was always my hope to offer something to this breed for all the richness they shared with me.

I share my life currently with one lovely male, Mr Marvelous (the happiest hound I have ever known), two whippets and an ACD who rules us all.

## Irish Wolfhound Breed Standard

**General Appearance** - Of great size and commanding appearance, the Irish Wolfhound is remarkable in combining power and swiftness with keen sight. The largest and tallest of the galloping hounds, in general type he is a rough-coated, Greyhound-like breed; very muscular, strong though gracefully built; movements easy and active; head and neck carried high, the tail carried with an upward sweep with a slight curve towards the extremity. The minimum height and weight of dogs should be 32 inches and 120 pounds; of bitches, 30 inches and 105 pounds; these to apply only to hounds over 18 months of age. Anything below this should be debarred from competition. Great size, including height at shoulder and proportionate length of body, is the desideratum to be aimed at, and it is desired to firmly establish a race that shall average from 32 to 34 inches in dogs, showing the requisite power, activity, courage and symmetry.

**Head** - Long, the frontal bones of the forehead very slightly raised and very little indentation between the eyes. Skull, not too broad. Muzzle, long and moderately pointed. Ears, small and Greyhound-like in carriage.

**Neck** - Rather long, very strong and muscular, well arched, without dewlap or loose skin about the throat.

**Chest** - Very deep. Breast, wide.

**Back** - Rather long than short. Loins arched.

**Tail** - Long and slightly curved, of moderate thickness, and well covered with hair.

**Belly** - Well drawn up.

**Forequarters** - Shoulders, muscular, giving breadth of chest, set sloping. Elbows well under, neither turned inwards nor outwards.

**Leg** - Forearm muscular, and the whole leg strong and quite straight.

**Hindquarters** - Muscular thighs and second thigh long and strong as in the Greyhound, and hocks well let down and turning neither in nor out.

**Feet** - Moderately large and round, neither turned inwards nor outwards. Toes, well arched and closed. Nails, very strong and curved.

**Hair** - Rough and hard on body, legs and head; especially wiry and long over eyes and underjaw.

**Color and Markings** - The recognized colors are gray, brindle, red, black, pure white, fawn or any other color that appears in the Deerhound.

**Faults** - *Too light or heavy a head, too highly arched frontal bone; large ears and hanging flat to the face; short neck; full dewlap; too narrow or too broad a chest; sunken or hollow or quite straight back; bent forelegs; overbent fetlocks; twisted feet; spreading toes; too curly a tail; weak hindquarters and a general want of muscle; too short in body. Lips or nose liver-colored or lacking pigmentation.*

### List of Points in Order of Merit

*Typical.* The Irish Wolfhound is a rough-coated Greyhound-like breed, the tallest of the coursing hounds and remarkable in combining power and swiftness.

*Great size and commanding appearance.*

*Movements easy and active.*

*Head, long and level, carried high.*

*Forelegs, heavily boned, quite straight; elbows well set under.*

*Thighs long and muscular; second thighs, well muscled, stifles nicely bent.*

*Coat, rough and hard, especially wiry and long over eyes and under jaw.*

*Body, long, well-ribbed up, with ribs well sprung, and great breadth across hips.*

*Loins arched, belly well drawn up.*

*Ears, small, with Greyhound like carriage.*

*Feet, moderately large and round; toes, close, well arched.*

*Neck, long, well arched and very strong.*

*Chest, very deep, moderately broad.*

*Shoulders, muscular, set sloping.*

*Tail, long and slightly curved.*

*Eyes, dark.*

**Note**--The above in no way alters the "Standard of Excellence," which must in all cases be rigidly adhered to; they simply give the various points in order of merit. If in any case they appear at variance with Standard of Excellence, it is the latter which is correct.
